

FLEETWOOD PLANT TOURS— DISCOVER RVs FROM THE GROUND UP.

At Fleetwood RV, we welcome you to visit our manufacturing facilities—where skilled men and women build America's favorite RVs. You can take a behind-the-scenes look at how quality and innovations are built into your RV.

Plant tours are free and open to the public. Schedules vary by location, so be sure to check tour availability by facility.

SAFETY FIRST

Fleetwood RV manufacturing plants are industrial environments. Safety for our guests and employees is our number one priority. Children are welcome at most of our facilities, although some restrictions apply.

The following rules apply at all Fleetwood RV manufacturing facilities. Please contact each facility for specific rules that might apply to that plant.

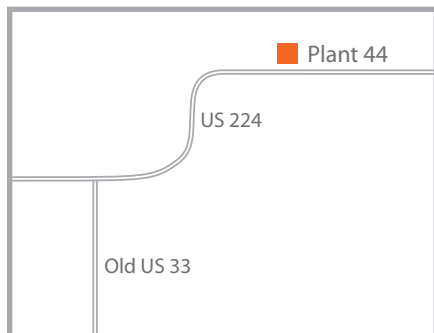

- Safety glasses are mandatory in the plant, these are provided for use during the tour.
- Ear protection is available upon request; some areas of the plant are noisy.
- We ask that parents keep their children under direct supervision at all times.
- Some plants allow strollers or wheelchairs - please check with each facility
- No cameras and video equipment are allowed in the plant during the tour.
- Smoking is not permitted on the tour.
- Alcoholic beverages are not permitted in the facilities.
- Pets will not be allowed in the manufacturing plant.
- Open-toed shoes or sandals are not permitted in the plant.
- Be aware of personal surrounding and the high traffic in our aisle-ways.
- Tours will not be conducted in the welding areas when in use.
- Please stay with your group and follow the directions of your tour guide.
- If you need to leave, please inform the tour guide and they will have you escorted out of the plant.
- Do not enter a recreational vehicle without the permission of the tour guide.
- In case of emergencies tour guides will direct visitors to safe areas.
